3. Click the checkbox for *I need to approve orders for other account users*.

6. Click *My Users*

7. This brings you to a page showing all the online account holders assigned to your Customer ID

My Users

Place a checkmark next to the users whose orders should be approved by you.
 All checked users will default to a zero minimum order amount, which means all orders from that user will need to be approved. This can be edited. Example: Joe Buyer can purchase orders of \$500 or less without approval, so type 500 in the Minimum Order Amount box.
 Uncheck a user's Show Pricing box if you wish them to NOT see item pricing on Tarantin.com.
